PURSUANT TO C.C.P. §35**

Hearing Date: April 4, 2013  
Time: 8:30 a.m.  
Dept: 404  
Judge: Hon. Carlos Cabrera  
Petition Filed: March 27, 2013

23 Petitioner MARK SCOTT ("Petitioner"), by this Verified Petition, petitions this Court for  
24 a Writ of Mandate and alleges as follows:

**BY FAX**

25 INTRODUCTION

26 1. This action is brought pursuant to California Elections Code section 9295 to delete  
27 or substantially amend several false and/or misleading statements contained in the "Argument  
28 Against Measure G" and the "Rebuttal Argument Against Measure G" authored by Real Parties  
in Interest and proposed to be included by Respondent Fresno County Registrar of Voters  
BRANDI L. ORTH, in the official election materials for the June 4, 2013 election in the City of  
Fresno.

\\

2. Time is of the essence in this election matter. Petitioner is informed and believes that the ballot arguments and other voter pamphlet materials are scheduled to be sent to the printer by Respondent Fresno Registrar of Voters on or about April 15, 2013. Petitioner, therefore, files this action on an expedited basis.

## JURISDICTION AND VENUE

3. Petitioner, MARK SCOTT ("Petitioner"), is a United States citizen, more than eighteen (18) years of age, a resident of the State of California, and specifically, a resident of and registered voter in the City of Fresno, California.

4. Respondent, BRANDI L. ORTH ("Respondent"), is now, and at all times mentioned herein was the duly appointed Registrar of Voters for the County of Fresno ("Respondent"), and is the "election official" for the purposes of California Elections Code Sections 9295, 13313, and 13314. She is charged with responsibility for preparing the Voters Pamphlet, including the arguments for and against Measure G, for the referendum election presently set for June 4, 2013 for the City of Fresno. Respondent is named in her official capacity only.

5. Measure G is a referendum measure presently set for election on June 4, 2013. The measure asks voters to lodge a 'yes' or 'no' vote on the following question:

*Shall Ordinance 2012-26 which grants to Mid Valley Disposal an exclusive franchise for the collection of residential solid waste, recyclable materials, and organic materials within the City of Fresno be adopted?*

A true and correct copy of Ordinance 2012-26 is attached hereto as Exhibit A.

6. Real Parties in Interest SUSAN B. ANDERSON; FRANK BALEKIAN, JR.; HENRY T. PEREA; DOUG VAGIM; LES KIMBER are authors of the Argument Against Measure G. This argument will be included in the ballot pamphlet mailed to all voters at taxpayer expense. A copy of the Argument Against Measure G is attached hereto as Exhibit B, and incorporated herein by reference.

7. Real Party in Interest ANDERSON is the author of the Rebuttal Argument Against Measure G. These arguments will be included in the ballot pamphlet mailed to all voters at

1 taxpayer expense. A copy of the Rebuttal Argument Against Measure G is attached hereto as  
2 Exhibit C, and incorporated herein by reference.

3 8. The true identities and capacities of Respondent Does 1 through V and Real Party  
4 In Interest Does VI-XV are unknown to Petitioner at this time. When their identities and  
5 capacities have been ascertained, petitioner will seek leave to amend this pleading to set forth that  
6 information.

### 7 GENERAL ALLEGATIONS

8 9. On December 20, 2012, the Fresno City Council passed an ordinance approving a  
9 contract for the City's residential waste hauling service. After the ordinance was passed,  
10 opponents of the City's effort to award the residential waste hauling contract qualified a  
11 referendum on the ordinance.

12 10. An election on the referendum measure is set for June 4, 2013. A 'yes' vote on the  
13 referendum measure ratifies the City's action (awarding the franchise agreement).

14 11. On March 18, 2013, Real Parties in Interest submitted their argument against  
15 Proposition G. As part of their arguments, Real Parties included the following false and/or  
16 misleading statements:

- 17 a. "...awarded the contract in a legally questionable back-door deal without a  
18 true competitive bidding process."
- 19 b. "...leaving voters with no way out, even if the new service is of poor  
20 quality."
- 21 c. "Once sold, there will be no money to buy the trucks back and reinstate the  
22 quality service we have now."

23 12. On March 28, 2013, Real Parties in Interest submitted their rebuttal argument  
24 against Proposition G. As part of their arguments, Real Parties included the following false  
25 and/or misleading statements: "There are also serious questions about whether a fair, competitive  
26 bidding process was followed."

27 13. The statement in the Argument Against Measure G which states "...awarded the  
28 contract in a legally questionable back-door deal without a true competitive bidding process," and

1 the statement in the Rebuttal Argument Against Measure G which states: "There are also serious  
2 questions about whether a fair, competitive bidding process was followed," are each false and  
3 misleading.

4 14. The City followed strict Request for Proposal (RFP) procedures in awarding the  
5 contract. On August 16, 2013, the Fresno City Council approved a motion to hire a consultant,  
6 identified as Robert Hilton, to prepare a RFP that would open residential garbage collection for  
7 bids from private contractors. On September 9, 2012, the City posted its RFP online for the trash  
8 collection. In addition to posting the RFP online, the City transmitted the RFP directly to 388  
9 vendors by email through BidsOnline, City's eProcurement system. The City also publicized the  
10 RFP in an advertised notice in the Fresno Business Journal. In sum, the steps taken to publicize  
11 the RFP went far beyond what is required to notice RFPs. At the close of the bid due date on  
12 October 12, 2012, four proposals were received, including a proposal by Mid Valley Disposal.  
13 Beginning October 29, 2012, the City conducted evaluations and on-site interviews with the four  
14 entities who submitted responses to the RFP. On November 29, 2012, the City Council received  
15 a report from City staff requesting approval of a resolution of intent to award. On December 6,  
16 2012, the City Council introduced the ordinance seeking approval of a contract with Mid Valley  
17 Disposal. On December 13, 2012, the City conducted a public hearing on the issue of entering  
18 into a contract with Mid Valley Disposal. The City Council thereafter approved the contract by a  
19 public vote on December 20, 2012.

20 15. The statement "...leaving voters with no way out, even if the new service is of  
21 poor quality" is also false and misleading. Opponents of the City's contract with Mid Valley  
22 Disposal allege in their argument that the City's voters have no "way out" of the contract. This  
23 allegation is made while they simultaneously exercise their right of referendum as a "way out" of  
24 the contract. As for specific remedies related to service by Mid Valley that is "poor quality," the  
25 Franchise Agreement with Mid Valley contains specific procedures for responding to customer  
26 complaints and remedies for service deemed to be poor. In addition, should Mid Valley be  
27 deemed to be in breach of the Agreement, the City may terminate its agreement with Mid Valley  
28 and conduct another competitive bidding process to select another trash hauler.

16. The statement "Once sold, there will be no money to buy the trucks back and reinstate the quality service we have now" is also false and misleading. In fact, the City anticipates maintaining a reserve fund of \$25 million, which can be utilized to re-purchase waste hauling trucks in the event the agreement with Mid Valley is terminated.

17. The false and misleading statements and assertions included in the Arguments Against to Measure G are in violation of Elections Code § 9295, which explicitly authorizes any voter of the jurisdiction to seek a writ of mandate or an injunction requiring the false or misleading materials to be amended or deleted.

**FIRST CAUSE OF ACTION**

**(Writ of Mandate- Ballot Argument Against Measure G)**

18. Petitioner incorporates by reference each and every allegation made in Paragraphs 1 through 17 of this petition as though fully set forth herein.

19. The following statements in the Argument Against Measure G are false and/or misleading, and on that basis should be deleted.

A. "...awarded the contract in a legally questionable back-door deal without a true competitive bidding process."

**B. "...leaving voters with no way out, even if the new service is of poor quality."**

C. "Once sold, there will be no money to buy the trucks back and reinstate the quality service we have now."

20. Petitioner has no speedy or adequate remedy at law other than the writ of mandate as provided in Elections Code section 9295, 13313, 13314 and related provisions.

21. Issuance of a writ will not substantially interfere with the printing and distribution of the Ballot Pamphlet or ballot label because this action is filed within the time frame specified pursuant to Elections Code sections 9295. Also, deletion of the foregoing statements does not affect the remaining text of ballot pamphlet.

22. Unless this Court orders deletions as set forth above, Petitioner will suffer irreparable injury and damage in that statements that are false or misleading and contrary to law will be distributed at taxpayer expense to voters concerning Measure G.

**SECOND CAUSE OF ACTION**

**(Writ of Mandate- Rebuttal Argument Against Measure G)**

23. Petitioner incorporates by reference each and every allegation made in Paragraphs 1 through 17 of this petition as though fully set forth herein.

24. The following statements in the Rebuttal Argument Against Measure G is false and/or misleading, and on that basis should be deleted: "There are also serious questions about whether a fair, competitive bidding process was followed."

25. Petitioner has no speedy or adequate remedy at law other than the writ of mandate as provided in Elections Code section 9295, 13313, 13314 and related provisions.

26. Issuance of a writ will not substantially interfere with the printing and distribution of the Ballot Pamphlet or ballot label because this action is filed within the time frame specified pursuant to Elections Code sections 9295. Also, deletion of the foregoing statements does not affect the remaining text of ballot pamphlet.

27. Unless this Court orders deletions as set forth above, Petitioner will suffer irreparable injury and damage in that statements that are false or misleading and contrary to law will be distributed at taxpayer expense to voters concerning Measure G.

**PRAYER FOR RELIEF**

**WHEREFORE**, Petitioner prays:

1. For an alternative writ of mandate ordering Respondent ORTH and her officers, agents, and all persons acting by, through or in concert with him/her to amend and/or delete the above-described and challenged statements prior to causing them to be printed in the ballot pamphlet and/or sample ballot for the June 4, 2013 election, or in the alternative, to show cause why she should not be ordered to do so.

2. For a peremptory writ of mandate ordering respondent ORTH and her officers, agents, and all persons acting by, through or in concert with her to amend and/or delete the above-described and challenged statements prior to causing them to be printed in the ballot pamphlet and/or sample ballot for the June 4, 2013 election.

3. For attorneys fees and costs of this proceeding; and

## Argument in Favor of Measure G

**Measure G is Good for Fresno.** This change ensures you will continue enjoying reliable trash pickup while keeping your same trash collection day and using the same trash bins. Measure G will also immediately lower your trash bill by 17.6% and keep your rates low, while also helping Fresno balance its budget.

90% of California cities have privatized trash. It's time Fresno enjoyed the same benefits.

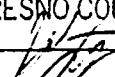

- Local, family-owned Mid Valley Disposal will handle Fresno's trash collection. Mid Valley is reliably collecting garbage for many cities in Fresno County – at much less cost and with equal or better service.
- Trash rates will be immediately reduced by 17.6%.
- Trash pickup days stay the same.
- Residents use the same bins.
- Mid Valley improves the City's green waste and organics composting service while maintaining strong recycling programs.
- Measure G provides the City with \$2.5 million a year. That helps keep police and firefighters on the job.
- The City's garbage truck fleet is aging and will cost \$11.4 million to upgrade. Privatizing trash saves the City the cost of buying new trucks and provides more reliable service.
- Jobs are protected because Mid Valley Disposal has agreed to hire all City workers displaced by this change.

Our City has survived tough economic times, but we must make changes to avoid losing more police and firefighters. **Measure G is a win-win for everyone.** It requires no changes in service days, provides an immediate 17.6% rate reduction, provides \$2.5 million a year to help fund police and fire, provides newer trucks and more reliable service, and provides improved organic composting and green waste service.

Our City is on the rise, and Measure G will help secure a better future for Fresno families. Join me in supporting Measure G. [www.GoodForFresno.com](http://www.GoodForFresno.com).

**OPPOSE MEASURE G – BALLOT ARGUMENT**

After reviewing the facts, we believe Measure G is a bad deal for our community. We urge you to Vote No on this risky proposal.

FRESNO COUNTY CLERK

DEPUTY

Measure G makes radical changes to the city's already cost-effective, award-winning and nationally recognized trash collection service.

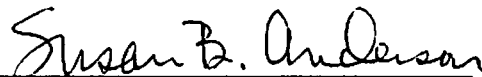

- Replaces our current trash collection service with one run by a private, for-profit company, which was awarded the contract in a legally questionable back-door deal, without a true competitive bidding process.
- Locks the city into an 8-year contract, leaving voters with no way out, even if the new service is of poor quality
- Sells off taxpayer-owned garbage trucks and equipment to a private company for just pennies on the dollar. Once sold, there will be no money to buy the trucks back and reinstate the quality service we have now.
- Allows rates to increase annually after an initial freeze.
- Sets the city up for potential costly lawsuits.

This idea is so risky that it has deeply divided the Council and still doesn't have full City Council support!

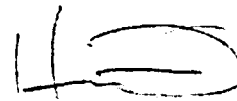

Our current trash collection system has served us well. The adage, "if it ain't broke, don't fix it." holds true here, especially with the city's history of bad decisions that sounded good initially but lost taxpayers' money in the long run.

We don't need risky gimmicks to fix Fresno's budget problems. We need long-term solutions and real leadership.

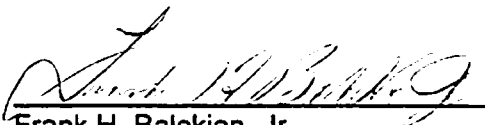

Please join us and vote "No" on Measure G.

**Measure G is responsible and rational.** Measure G immediately lowers your trash rates by 17.6% and helps Fresno balance its budget while avoiding additional layoffs in our Police and Fire Departments. DEPUTY  
3/27/13

Measure G is a good deal for our community. The City conducted a thorough, open, and transparent bidding process where trash companies competed for Fresno's trash contract. A reliable, trusted, and local family-owned business – Mid Valley Disposal – was selected to provide the service.

**Measure G means Fresno will not have to sacrifice public safety.**

The contract with Mid-Valley Disposal is straight forward and good for Fresno:

- Trash collection days will stay the same. Even the same trash bins will be used.
- Service levels will be as good or better than current trash operations.
- Residential trash rates will immediately be reduced by 17.6%, and remain low throughout the 8 year contract period.
- Privatizing trash means the City saves the cost of buying new trucks.
- Mid-Valley Disposal will guarantee jobs to all City workers displaced by this change.
- Measure G provides the City with \$2.5 million a year that helps keep police and firefighters on the job.

Too often, politics gets in the way of good decisions. But not this time.

Measure G ensures increased service levels, reduced prices, and **protection for the City's budget through responsible and practical decision-making.**

By working together, we can move our City ahead and improve the quality of life for all of our residents. That's why we strongly support Measure G.

## OPPOSE MEASURE G – REBUTTAL ARGUMENT

*Yes, the city needs to put its fiscal house in order. But privatizing our award-winning trash collection service is not the answer.*

**Residents Overwhelmingly Support the Current Service.** Fresno trash and recycling services have been honored with national awards for excellence. The system is run efficiently, generating more than \$30 million in reserves. There is no reason to privatize this well-run, revenue-positive city service.

**Garbage Rates Could Already Have Been Lowered.** In 2011, Fresno's Utility Advisory Committee (a group of citizens appointed to study utility rates and operations) recommended lowering residential trash collection rates by 15%. Instead, city administrators devised this risky proposition that allows yearly fee increases even if the system continues to maintain a large surplus. That's a bad deal for ratepayers.

**Lawsuits Add Costly Delays; the Entire Deal Could Be Illegal.** Lawsuits have already been filed challenging this risky deal, on grounds that include violations of the City Charter. There are also serious questions about whether a fair, competitive bidding process was followed. If this scheme does not work, or is found to be illegal, we will have already sold off trucks and equipment (for pennies on the dollar) and will be unable to restore quality services.

**Democrats, Republicans and Independents Agree.** Taxpayers, Business Leaders and City Councilmembers have come together to oppose the privatization proposal. This is not a partisan question. It's a question of what is good for our community.

**Please join us -- Vote No on Measure G.**

## OPPOSE MEASURE G – REBUTTAL ARGUMENT

*Yes, the city needs to put its fiscal house in order. But privatizing our award-winning trash collection service is not the answer.*

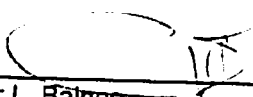

**Residents Overwhelmingly Support the Current Service.** Fresno trash and recycling services have been honored with national awards for excellence. The system is run efficiently, generating more than \$30 million in reserves. There is no reason to privatize this well-run, revenue-positive city service.

**Garbage Rates Could Already Have Been Lowered.** In 2011, Fresno's Utility Advisory Committee (a group of citizens appointed to study utility rates and operations) recommended lowering residential trash collection rates by 15%. Instead, city administrators devised this risky proposition that allows yearly fee increases even if the system continues to maintain a large surplus. That's a bad deal for ratepayers.

**Lawsuits Add Costly Delays; the Entire Deal Could Be Illegal.** Lawsuits have already been filed challenging this risky deal, on grounds that include violations of the City Charter. There are also serious questions about whether a fair, competitive bidding process was followed. If this scheme does not work, or is found to be illegal, we will have already sold off trucks and equipment (for pennies on the dollar) and will be unable to restore quality services.

**Democrats, Republicans and Independents Agree.** Taxpayers, Business Leaders and City Councilmembers have come together to oppose the privatization proposal. This is not a partisan question. It's a question of what is good for our community.

**Please join us -- Vote No on Measure G.**
